

Port Bruce Flood Emergency Plan

Malahide Township uses an automated calling service to advise and update residents of Port Bruce of potential or imminent flooding. If you wish any changes to your contact information, please call the Township Office. We can add an extra phone number (cell, work, etc.) or an email address. If you are a new resident to the Port Bruce area, please contact the Township Office to ensure we have your contact information.

This system will keep you informed of any flood warnings/watches issued by the Catfish Creek Conservation Authority.

To make any changes or additions, please call 519-773-5344, ext. 222, or email Allison at aadams@malahide.ca

Port Bruce Residents – Flooding

The Catfish Creek Conservation Authority and Malahide Township would like to remind residents in Port Bruce to remove all docks, building materials, tanks or other floatable objects from flood prone areas prior to December 31, 2011. These items can be dislodged during high creek levels and aggravate flooding. Everyone's assistance will help keep the flood plain clean and safe.
