for by the Government of Ontario
in partnership with your municipality.**

PRESS RELEASE

Investing in Ontario Funding.

Through the Investing in Ontario Act, 2008, Malahide Township received \$552,318.00 in capital infrastructure funding from the Province of Ontario. Approximately \$279,866 of this grant funding was utilized to assist with the purchase of a new grader and to contribute toward the reconstruction of Vienna Line. The remaining balance of the funds is expected to be used to further the reconstruction of Vienna Line during the 2010 Road Construction season.

These infrastructure projects have been made possible as a result of a capital infrastructure investment from the Government of Ontario, in partnership with the Township of Malahide.

Investing in local infrastructure creates jobs and makes our communities stronger," Elgin-Middlesex-London MPP Steve Peters said. "The improvements to Vienna Line and the new grader are good choices of local investment and I'm glad the provincial government can assist the Township of Malahide meet their infrastructure goals."

These two projects demonstrate the Provincial Government's continued commitment and contribution towards the Township of Malahide's capital infrastructure priorities.
