**PUBLIC NOTICE – PESTICIDE USE**  
**ALONG ROADWAYS in EGIN COUNTY**

**Elgin County** intends to control invasive Phragmites along rural roadsides across the County of Elgin. A detailed map identifying the specific locations of all areas to be treated can be found at the following link.

[www.elgincounty.ca/phragmites](http://www.elgincounty.ca/phragmites)

Using the following pesticides: Roundup Weathermax with Transorb 2 Technology Liquid Herbicide (PCP Reg.#27487), containing the active ingredients of Glyphosate, present as Potassium Salt under the Pest Control Products Act (Canada). The adjuvant MSO CONCENTRATE with Leci-Tech (PCP Reg# 28385), containing the active ingredient of Methylated seed oil of soybean 70% under the Pest Control Products Act (Canada) will be used.

We are controlling Invasive Weeds under Public Works Exemption of the Cosmetic Pesticides Ban to the promotion of public health and safety

Spraying will commence on **July 28<sup>th</sup>, 2020** weather permitting and continue until **August 28<sup>th</sup>, 2020**.
