PURPOSE AND EFFECT
BY-LAW NO. 18-22
TOWNSHIP OF MALAHIDE
COMPREHENSIVE ZONING BY-LAW

By-law No. 18-22 of the Township of Malahide is a comprehensive zoning by-law passed by Council on April 5, 2018 pursuant to Section 34 of the Planning Act, R.S.O., 1990 as amended or revised from time to time.

The By-law regulates the use of land and the character, location and use of buildings and structures throughout the Municipality. It divides the Municipality into a number of specific land use zones. For each zone, the permitted uses and the regulations governing these uses (namely, the siting and size of buildings and structures) are listed.

If a use is not specifically permitted by the By-law, it is deemed to be prohibited with the exception of certain public uses. If the existing use of a property is not listed as a permitted use and does not qualify as a public use, then the use is a non-conforming or an illegal use depending upon when it was established. Non-conforming uses legally established on the day of the passing of this By-law are protected and allowed to continue. Expansions to enlarge or extend non-conforming uses, however, require public notice and the approval of the Municipality.

The zone maps or schedules which form part of the By-law identify individual properties and the zoning which applies to them. Regulations which apply to more than one land use zone or throughout the Municipality regardless of how lands are zoned are contained in a separate section, entitled General Regulations.

Amongst other more specific changes, the new Zoning By-law contains up-dated and revised definitions, new standards for development, new and revised land use zones and improved mapping. In addition, the By-law implements various provisions of the Municipality's Official Plan. Under the provisions of the Planning Act, the Zoning By-law must be consistent with the Provincial Policy Statement and must conform to the County of Elgin Official Plan and the Township of Malahide Official Plan.

The By-law does not exempt any person or corporation from having to comply with the requirements of the Ontario Building Code, the Catfish Creek Conservation Authority, the Kettle Creek Conservation Authority or the Long Point Region Conservation Authority. It also does not exempt any person or corporation from having to comply with other by-laws of the Municipality or from obtaining any necessary or required license, permit or approvals from any other authority or public agency having jurisdiction in the Township.

Amendments may be made at any time to the Zoning By-law in response to development proposals, requests for changes in land use and other planning issues that may arise. The Official Plan establishes the basis for evaluating and adopting such amendments. Depending on the nature of the proposed amendment, surrounding property owners or residents of the Municipality as-a-whole are notified and given an opportunity to express their support of, or opposition to, the proposed amendment.

This By-law replaces By-law No. 05-27, being the Township of Malahide Zoning By-law adopted on April 25, 2005, and all amendments thereto. Minor variances granted to By-law No. 05-27, however, continue to remain in effect.

In interpreting and applying the provisions of this By-law, they are held to be the minimum requirements for the promotion of the health, safety, comfort, convenience, and general welfare of the inhabitants of the Municipality.

1.0 INTERPRETATION AND ADMINISTRATION

1.1 TITLE

This By-law shall be known as the “Township of Malahide Zoning By-law”.

1.2 LANDS AFFECTED

The provisions of this By-law shall apply to all land within the corporate limits of the Township as now or hereafter legally constituted.

1.3 SCOPE

No land shall be used, no lot shall be altered, and no buildings or structures shall be erected, altered, or used within the Township except in conformity with this By-law.

1.4 INTERPRETATION

Unless specified otherwise, the following shall apply throughout this By-law:

- a) the particular shall supersede the general;
- b) where a term or phrase is defined in general terms herein, it shall not be construed to mean any other term or phrase which is more specifically defined herein unless it is specifically stated otherwise;
- c) if a use is not listed as a permitted use, it is deemed to be prohibited with the exception of public uses as stipulated herein;
- d) the word “shall” is to be construed as mandatory and not discretionary;
- e) unless the contrary intention specifically appears otherwise, words imparting the singular number or the masculine gender only shall include more persons, parties, or things of the same kind than one, and females as well as males, and the converse;
- f) a “building” or “structure” shall include any part or portion thereof;
- g) any Act, Regulation or Publication of a public authority referred to herein shall include any predecessor thereof, any amendments or revisions made thereto or any subsequent Act, Regulation or Publication enacted in place thereof;
- h) changes in road names and modifications to lot fabric, including the addition of new lots, shall be reflected in subsequent consolidated versions of this document and an amendment to the Zoning By-law shall not be required to reflect said modifications;
- i) text shown in italics found at the introduction to Section 5 through Section 9 inclusive to this By-law is provided for descriptive and convenience purposes only and shall not comprise part of the By-law;

- j) the zone legend and accompanying information found immediately preceding Schedule 'A' Index Map is provided for descriptive and convenience purposes only. Any modification to wetland classifications and delineations, as well as the limits of areas regulated by the conservation authority having jurisdiction, shall be reflected in subsequent consolidated versions of this document and an amendment to the Zoning By-law shall not be required.

By-law No. 19-08
General Amendment

1.5 MEASUREMENTS

All standards of measurement applied in this By-law shall be subject to the normal rules of rounding numbers, within the degree of precision specified by the number of digits following the decimal point, if any, so that:

- a) for a whole number, measurements of less than 0.5 shall be rounded downward to the next whole unit;
- b) for a whole number, measurements of 0.5 and greater shall be rounded upward to the next whole unit;
- c) for a number having one decimal place, measurements of less than 0.05 shall be rounded downward to the next one-tenth unit;
- d) for a number having one decimal place, measurements of 0.05 and greater shall be rounded upward to the next one-tenth unit; and
- e) for numbers expressed as a ratio or as a percentage, rounding shall not be applied.

1.6 LICENCES AND PERMITS

No municipal permit, certificate, or license shall be issued where the said permit is required for a proposed use of land or a proposed erection, alteration, enlargement or use of any building or structure that is not in compliance with this By-law.

1.7 CONSERVATION AUTHORITIES

Where lands lie within an area regulated by the Catfish Creek Conservation Authority pursuant to Ontario Regulation 146/06, the Kettle Creek Conservation Authority pursuant to Ontario Regulation 181/06, or the Long Point Region Conservation Authority pursuant to Ontario Regulation 178/06, no building permit shall be issued by the Township for a building or structure in compliance with this By-law without permission having first been given by the Authority having jurisdiction.

1.8 REMEDIES

Where any building or structure is or is proposed to be erected, altered, reconstructed, extended or enlarged, or any building or structure is, or is proposed to be used, in contravention of this By-law, the same may be restrained by an action of any person or of the Township under the Planning Act or the Municipal Act.

Where a person or corporation, guilty of an offense under this By-law has been directed to remedy any violation and is in default of doing any matter or thing required, such matter or thing

shall be done at his or its expense. Where a person or corporation has refused or neglected to reimburse the Township for the cost of such work, thing or matter done, the same may be recovered by the Township in like manner as taxes.

1.9 APPLICATION OF OTHER LEGISLATION

Nothing in this By-law shall serve to relieve any person from the obligation to comply with the requirements of the Ontario Building Code or any other by-law of the Municipality in force from time to time or the obligation to obtain any license, permit, authority or approval required by the Municipality or any other public authority or body and without limiting the generality of the forgoing, shall include the Catfish Creek Conservation Authority, the Kettle Creek Conservation Authority, the Long Point Region Conservation Authority and the Ministry of Transportation in the following circumstances:

- a) where lands lie within an area regulated by the Catfish Creek Conservation Authority pursuant to Ontario Regulation 146/06, the Kettle Creek Conservation Authority pursuant to Ontario Regulation 181/06, or the Long Point Region Conservation Authority pursuant to Ontario Regulation 178/06 as shown on the Zone Maps, no use shall be established and no building or structure shall be erected without permission having first being given by the authority having jurisdiction.
- b) where lands lie within the permit control area established by the Ministry of Transportation adjacent to Highway No. 3 pursuant to the Public Transportation and Improvement Act, no use shall be established and no building or structure shall be erected without a permit having first being issued by the Ministry.

1.10 VALIDITY

Should any section, clause or regulation of this By-law be held by a court of competent jurisdiction to be invalid, the validity of the remainder of this By-law shall not be affected.

shall mean a building erected, used or intended for the storage of goods, wares, merchandise, articles or things and may include the selling or distribution thereof at wholesale.

2.214 WASTE DISPOSAL SITE

shall mean any land, or land covered by water, licensed under the Environmental Protection Act, upon, into, or through which, or building or structure in which, waste is deposited or processed, and any machinery and equipment or operation required for the treatment or disposal of waste.

2.215 WATERCOURSE

shall mean a natural channel for the flow of water but does not include a drain as defined under the Drainage Act.

2.216 WETLAND

shall mean lands that are seasonally or permanently covered by shallow water as well as lands where the water table is close to or at the surface such that the presence of abundant water has caused the formation of hydric soils and has favoured the dominance of either hydrophytic or water tolerant plants, but shall not include periodically soaked or wet lands being used for agricultural purposes which no longer exhibit wetland characteristics.

2.217 WILDLIFE PRESERVE

shall mean lands where plants, animals and other organisms, excluding fish, survive in self-sustained populations, and from which they derive services such as cover, protection or food.

2.218 WIND FARM

shall mean any devices and related equipment that is used, or designed to be used, for the commercial production of electrical power where wind is the energy source, including one or more wind turbines, vertical axis wind turbines and horizontal axis wind turbines but excluding power poles, power lines, data lines and equipment such as transformers and switching stations related to the transmission or distribution of power from a Wind Farm.

2.219 WINERY, ESTATE

shall mean a building or structure accessory to a vineyard and situated on the same lot therewith, where the vineyard occupies a minimum of 2 hectares, for the production of wine including the retail sale of wine and wine related products and hospitality facilities as accessory uses not exceeding four hundred (400) square metres of floor area in total and where food and wine may be prepared and served for the enjoyment of the general public.

2.220 WINERY, FARM

shall mean the use of land, buildings, structures and equipment for the making of wine from fruit grown primarily on the premises including fermentation, storage and aging and may include storage, display, processing, wine tasting, a tied house licensed by the Alcohol and Gaming Commission of Ontario, and retail, administrative facilities and outdoor patio area, but shall not include a restaurant, banquet facility, or on-site commercial kitchen.

2.221 YARD

shall mean a space, appurtenant to a building or structure, located on the same lot as the main building or structure, and which space is open, structurally uncovered and unoccupied from the ground to the sky except for such accessory buildings, structures or uses as are specifically permitted by this By-law.

2.222 YARD, EXTERIOR SIDE

shall mean a side yard immediately adjoining a road.

2.223 YARD, FRONT

shall mean a yard extending across the full width of the lot between the front lot line of the lot and the nearest main wall of any main building or structure on the lot. **FRONT YARD DEPTH** shall mean the least horizontal dimension between the front lot line of the lot and the nearest part of the main wall of any main building or structure on the lot.

2.224 YARD, INTERIOR SIDE

shall mean a side yard other than an exterior side yard.

2.225 YARD, REAR

shall mean a yard extending across the full width of the lot between the rear lot line of the lot and the nearest main wall of any main building or structure on the lot. **REAR YARD DEPTH** shall mean the least horizontal dimension between the rear lot line of the lot and the nearest part of the main wall of any main building or structure on the lot.

2.226 YARD, SIDE

shall mean a yard extending from the front yard to the rear yard and from the side lot line of the lot to the nearest main wall of any main building or structure on the lot. **SIDE YARD WIDTH** shall mean the least horizontal dimension between the side lot line of the lot and the nearest part of the main wall of any main building or structure on the lot.

2.227 ZONE

shall mean an area delineated on a Zone Map and established and designated by this By-law for a specific use.

2.228 ZONE MAP

shall mean a map or maps incorporated in this By-law and showing graphically the location, size and boundaries of zones established by this By-law together with other explanatory text and symbols.

3.0 ZONES AND ZONE MAPS

3.1 ESTABLISHMENT OF ZONES

For the purpose of this By-law, the maps hereto annexed as Schedule “A”, Map 1 to Map 104 inclusive; Schedule “B”, Schedule “C”, Schedule “D”, Schedule “E”, Schedule “F”, Schedule “G”, Schedule “H”, Schedule “I”, Schedule “J”, Schedule “K”, Schedule “L”, Schedule “M”, Schedule “N” and Schedule “O”, shall be referred to as the zone maps of the Township of Malahide Zoning By-law and the zone maps shall be divided into one or more of the following zones:

ZONE CATEGORY SYMBOL

Agricultural Zones

General Agricultural	A1
Special Agricultural	A2
Large Lot Agricultural	A3
Small Lot Agricultural	A4

Residential Zones

Rural Residential	RR
Hamlet Residential	HR
Village Residential One	VR1
Village Residential Two	VR2

Local Commercial	LC

Industrial Zones

General Industrial	M1
Rural Industrial	M2
Farm Industrial	M3
Extractive Industrial	M4

Other Zones

Institutional	I
Open Space	OS
Public Utility	U

3.2 USE OF ZONE SYMBOLS

The symbols listed in Section 3.1 shall be used to refer to land, buildings, and structures and the uses thereof permitted in this By-law in the said zones, and wherever in this By-law the word “zone” is used, preceded by any of the said symbols, such zones shall mean any area within the Township delineated on the zone maps and designated thereon by the said symbol.

3.3 **HOLDING SYMBOLS**

Where a zone symbol listed in Section 3.1 is used in conjunction with the holding symbol "H" as shown on the zone maps, no buildings or structures shall be erected or altered, save and except existing main buildings and structures and accessory buildings and structures permitted in the said zone and in accordance with the standards of the said zone, until the "H" symbol is removed in accordance with the Planning Act.

Where the holding symbol "H" is accompanied by a numbered suffix (e.g. H-1, H-2) as shown on the zone maps, removal of the "H" symbol shall be contingent upon the following matters being concluded.

a) **H-1 Services, Agreements, Site Plan Approvals**

To ensure the orderly development of lands and the adequate provision of municipal services, the required security shall be provided for the development agreement or subdivision agreement, and Council shall be satisfied that the conditions of the approval of the plans and drawings for a site plan, or the conditions of the approval of a draft plan of subdivision, ensure a development agreement or subdivision agreement is executed by the applicant and the Township, prior to the removal of the "H-1" symbol.

b) **H-2 Noise and Vibration Attenuation**

To ensure that mitigating measures are undertaken in areas adjacent to transportation and utility corridors, an agreement shall be entered into, following consultation with relevant agencies, covering requirements for incorporating appropriate noise and/or vibration attenuation measures into the design of the development, prior to the removal of the "H-2" symbol.

c) **H-3 Environmental Impact Study**

To determine the extent to which development will be permitted and ensure that development will not have a negative impact on relevant components of Natural Heritage Features (identified in the Township of Malahide Official Plan, the Provincial Policy Statement and the Ministry of Natural Resources), an agreement shall be entered into specifying appropriate development conditions and boundaries, based on an Environmental Impact Study prepared to the satisfaction of the Township, prior to removal of the "H-3" symbol.

d) **H-4 Erosion/Slope Instability Hazards**

To refine the One Hundred Year Erosion Limit (identified by the Conservation Authority having jurisdiction), assess the potential impacts of development and identify measures to avoid or address potential erosion/slope instability hazards, an agreement shall be entered into specifying appropriate development conditions and boundaries, based on a geotechnical study that has been prepared to the satisfaction of the Township, prior to removal of the "H-4" symbol.

e) H-5 Site Plan Control

To ensure that development takes a form compatible with adjacent land uses, agreements shall be entered into following public site plan review specifying the issues allowed for under the site plan control provisions of the Planning Act, prior to the removal of the "H-5" symbol.

f) H-6 Landfill Sites

To ensure that development in the vicinity of operating and closed landfill sites will occur in a safe manner and in accordance with the Environmental Protection Act, agreements shall be entered into specifying any necessary studies and protective measures to the satisfaction of the Township, demonstrating that the development in the form and manner proposed will not be adversely affected, prior to the removal of the "H-6" symbol.

3.4 COMPOUND ZONES

Where two or more zone symbols divided by a "/" are shown on the zone maps as applying to a lot, the lot may be used for any use permitted in any one of the zones included in the compound zone symbol, or for any combination of uses thereto, subject to the following:

- a) the general use regulations and the special use regulations applicable to the zones included in the compound zone shall apply;
- b) in the case of a conflict between combinations of uses from two (2) or more zones, the greater or more restrictive regulations shall apply.

3.5 MULTIPLE ZONES

Where a lot is subdivided into more than one zone, the regulations applicable to these zones shall apply to the respective areas so zoned, and the zone lines shall be deemed to be lot lines for the purposes of this By-law.

3.6 SPECIAL USE REGULATIONS

Within any zone, special use regulations shall apply and, in addition to such special use regulations, the general use regulations shall also apply unless a contrary intention appears otherwise, in which case the special use regulations shall supercede and prevail over the general use regulations of the zone.

3.7 'SITE-SPECIFIC' ZONES

All zones may be subdivided into one or more defined areas within which greater or lesser restrictions shall apply. These 'site-specific' zones shall be identified by reference to the symbol of a zone together with a number so as to differentiate 'site-specific' zones within a zone from each other and from other areas within the zone. Within a 'site-specific' zone, all requirements of this By-law including the General Regulations (Section 4) and the General Use Regulations and the Special Use Regulations applicable to the zone within which the 'site-specific' zone is located shall apply and, unless a contrary intention appears otherwise, the following shall apply:

- a) if the 'site-specific' zone establishes regulations different from the General Regulations of this By-law including the General Use Regulations and Special Use Regulations applicable

to the zone within which the defined area is located, the exceptions shall supersede and prevail over such corresponding regulations of this By-law;

- b) if the 'site-specific' zone permits one (1) or more uses for the defined area, such permitted use or uses shall be the only purpose or purposes for which land, building or structures within the defined area shall be used unless the contrary intention appears otherwise;
- c) if the 'site-specific' zone specifically permits one (1) or more uses in addition to those otherwise permitted in the zone within which the defined area is located, any and all of the other exceptions applicable to the defined area shall also apply to the additional permitted use or uses and not only to the uses not otherwise permitted in the zone;
- d) where a 'site-specific' zone is followed by reference to the name of the owner, tenant, company name, municipal address or other description shown in italics and contained in parentheses, the said reference is intended for information purposes only and does not constitute part of this By-law.

3.8 INTERPRETATION OF ZONE BOUNDARIES

Where any uncertainty exists as to the location of the boundary of any of the said zones as shown on a zone map, the following shall apply:

- a) unless otherwise shown, the boundary of the zones as shown on the zone maps are the centre lines of the road allowances or lot lines and the projection thereof;
- b) where zone boundaries are indicated as approximately parallel to the line of any road and the distance from such road is not indicated, such zone boundaries shall be construed as being parallel to such road and the distance there from shall be determined by the use of the scale shown on the zone maps;
- c) unless otherwise indicated, a road, lane, railway or electrical transmission line right-of-way, or watercourse included on the zone maps, is included within the zone of the adjoining lands on either side thereof; and where such road, lane, right-of-way, or watercourse serves as a boundary between two (2) or more different zones, a line midway in such road, lane, railway or electrical transmission line right-of-way, or watercourse and extending in the general direction of the long division thereof is considered the boundary between zones unless specifically indicated otherwise;
- d) in the event a road or street shown on a zone map is closed, the lands formerly on the said road or street shall be included within the zone of the adjoining property on either side of the said closed road or street, and the zone boundary shall be the former centre line of the said closed road or street;
- e) where zone boundaries appear to follow a lot line, they shall be deemed to follow the lot line.

4.0 GENERAL REGULATIONS

The regulations of this section apply in all zones except as may be indicated otherwise herein.

4.1 ACCESSORY USES, BUILDINGS AND STRUCTURES

Wherever a use is listed as a permitted use in a particular zone, uses, buildings or structures accessory, incidental or subordinate to that use are also permitted in accordance with the standards applying in the zone in which the said use, building or structure is located.

4.2 BED AND BREAKFAST ESTABLISHMENTS

The following regulations shall apply:

- a) guest bedrooms shall be restricted to a maximum of five (5);
- b) guest parking spaces in a front yard shall be restricted to a maximum of three (3).

4.3 BUFFER STRIPS AND FENCES

The following regulations shall apply:

- a) a buffer strip shall be located within the zone for which it is required; it shall be planted, nurtured and maintained by the owner of the lot on which the buffer strip is located, and replacement of trees and plants be made by the owner, as necessary from time to time.
- b) in all cases where access driveways extend through a buffer strip, it shall be permissible to interrupt the strip within 3.0 metres of the edge of such driveway.
- c) a buffer strip may form part of any required landscaped open space, including the required front, side and rear yards.
- d) where a commercial or industrial zone abuts a residential, institutional, or open space zone, a strip of land not less than 4.5 metres in width adjacent to and inside the commercial or industrial zone boundary shall not be used for any other purpose than a buffer strip.
- e) where an institutional zone abuts a residential zone, a strip of land not less than 3.0 metres in width adjacent to and inside the institutional zone boundary shall not be used for any other purpose than a buffer strip.
- f) unless specifically permitted otherwise, no fence within the Municipality shall be greater than 2.4 metres in height.

4.4 BUILDING AND STRUCTURE PROJECTIONS

No part of any building or structure on any lot shall project beyond the lot line or street line of such lot.

4.5 COMMUNITY GARDENS

The following regulations shall apply:

- a) community gardens shall be permitted in the Village Residential One (VR1) Zone, the Village Residential Two (VR2) Zone and the Hamlet Residential (HR) Zone as an accessory use.
- b) a building or structure shall comply with the requirements for an accessory building or structure of the zone in which it is located.
- c) community gardens shall be located in a rear yard or in an interior side yard.
- d) a minimum of two (2) parking spaces shall be required in addition to any other parking requirements of the zone in which it is situated.

4.6 CONSTRUCTION USES

Uses, buildings and structures incidental to construction are permitted in any zone provided they:

- a) are used only for as long as they are necessary for, or as a result of, construction work in progress which has neither been finished nor abandoned, or a period of 1 year whichever is the lesser;
- b) are removed when the construction work for which they are required is terminated.

4.7 ELECTRICITY GENERATION FACILITIES AND TRANSMISSION AND DISTRIBUTION SYSTEMS

Electricity generation facilities and transmission and distribution systems are permitted in any zone and shall not be subject to lot coverage, lot line setbacks or any other yard requirements in the zone in which they are located, but shall be subject to any regulatory requirements for the utility involved.

4.8 ENTRANCE REGULATIONS

No person shall erect any building or structure or otherwise use any lot in any zone unless such lot abuts a road, or a reserve on the opposite side of which is located a road, or unless such lot has access to a road by means of a legally registered right-of-way or easement over an abutting lot, and unless the Ministry of Transportation, the County or the Township, as the case may be, has issued an entrance permit or otherwise granted permission to provide access for vehicular traffic from such lot or from such abutting lot, as the case may be, to the said road. Notwithstanding the foregoing, a building or structure may, however, be erected on a lot within a registered plan of subdivision in accordance with a subdivision agreement in respect of such plan of subdivision, or on a lot created by consent and in accordance with an agreement with the Township, despite the fact that the road on which the lot has access to has not been assumed and is not being maintained by the Township.

4.9 ESTABLISHED BUILDING LINE ON STREETS OR ROADS

Notwithstanding any other subsequent provisions of this By-law, where a single-detached dwelling or accessory use thereto is to be erected within a built-up area where there is an established building line, such dwelling or accessory use may be erected closer to the street line or to the centre line of the street or road, as the case may be, than required by this By-law provided such dwelling or accessory use is not erected closer to the street line or to the centre

line of the street or road, as the case may be, than the established building line on the date of passing of this By-law.

4.10 EXISTING LOTS

Existing lots with less than the minimum lot area, and/or minimum lot frontage requirements of this By-law may be used and buildings and structures erected or altered thereon for the purposes specified in the zone in which they are situated, provided:

- a) such lots are serviced or capable of being serviced by approved sanitary sewage facilities where such facilities are required for the said use, building or structure;
- b) all other requirements of this By-law are satisfied.

4.11 EXPROPRIATIONS AND DEDICATIONS

Where the area of a lot is reduced by means of an acquisition of part of the lot by any authority having power of expropriation, and where such acquisition causes the lot as reduced, or any building or structure existing lawfully on the lot on the date of such acquisition, to have a lot area, lot frontage, lot coverage, parking, area of landscaped open space, setback, front yard depth, side yard depth or rear yard depth that does not conform to the requirements hereof for the zone in which such lot is located, then nothing in this By-law shall apply to prevent the continued use of the lot as reduced as if no such acquisition had taken place, provided that:

- a) No further change is made in the dimensions, area or any other characteristics of the lot as reduced, subsequent to the date of such acquisition, that would increase the extent of the said non-conformity; and
- b) No building or structure or addition thereto is erected on the lot as reduced, subsequent to the date of such acquisition, except in accordance with all the provisions hereof for the zone in which such lot is located.

In the case of a road widening dedication, the land that has been or will be dedicated shall be included in any calculation for the purpose of determining lot area, coverage, height, parking, landscaped open space, floor area, floor area ratio, and the location of any permitted building or structure relative to the required side or rear yards, provided any building or structure is located wholly within the boundary of the land remaining after the dedication.

4.12 GRADING

4.12.1 Excavations

No person shall make any excavations or remove any topsoil, earth, sand or gravel from any lot, alone or in conjunction with any construction work, unless the written permission of the Township or a building permit with respect to such construction work has first been obtained, and except in accordance with any requirements of the Township with respect to retention of topsoil, grading and finished elevations.

4.12.2 Removal or Levelling of Hills

This By-law shall not apply to prevent the removal or leveling of hills for the purposes of increasing or improving land for agricultural uses so long as no excavation takes place below

the average grade of the land surrounding the said hill and so long as a permit has been obtained with respect to such removal or leveling under the Aggregate Resources Act, as amended or revised from time to time.

4.13 GROUP HOMES

Within a settlement area, no group home shall be established within 250 m of another group home while outside a settlement area, no group home shall be established within 1000 m of another group home and, in all cases, no group home shall be established within 500 m of a halfway house.

4.14 HALFWAY HOUSES

Within a settlement area, no halfway house shall be established within 500 m of another halfway house while outside a settlement area, no halfway house shall be established within 5000 m of another halfway house and, in all cases, no halfway house shall be established within 500 m of a group home or a school.

4.15 HAZARD LANDS

No buildings or structures, with the exception of bridges and those designed, used, or intended for flood or erosion control purposes under a permit issued by the conservation authority having jurisdiction, shall be erected or used on lands which exhibit a hazardous condition as a result of their instability, susceptibility to flooding, erosion, subsidence, inundation or the presence of organic soils or steep slopes.

4.16 HEIGHT EXCEPTIONS

The height regulations of this By-law shall not apply to any farm building or structure, ornamental dome, skylight, chimney, tower, elevator, enclosure, flag pole, antennae, radio or television receiving or transmitting equipment, cupola, steeple, place of worship spire, wind tower or any accessory mechanical fixtures unless specifically stated otherwise.

4.17 LOADING SPACE REGULATIONS

4.17.1 Required Loading Spaces

The owner or occupant of any lot, building or structure used or erected for any purpose involving the receiving, shipping loading or unloading of animals, goods, wares, merchandise or raw materials, shall provide and maintain, on the same lot, facilities comprising one or more loading spaces in accordance with the provision of this subsection.

The number of loading spaces required on a lot shall be based on the total net floor area of all the uses on the said lot for which loading spaces are required, in accordance with the following:

- a) less than 250 square metres of total net floor area – 0 loading spaces;
- b) over 250 square metres up to and including 500 square metres of net floor area -1 loading space;
- c) over 500 square metres up to and including 2,500 square metres of net-floor area - 2 loading spaces;

- d) over 2 500 square metres up to and including 7,500 square metres of net-floor area - 3 loading spaces;
- e) over 7,500 square metres of net-floor area - 3 loading spaces plus 1 additional loading space for each 10,000 square metres or part thereof of total net floor area in excess of 7,500 square metres.

4.17.2 Dimensions of Loading Spaces

A loading space required hereby shall have minimum dimensions of 3.5 metres by 10 metres and a minimum vertical clearance of 4 metres.

4.17.3 Location of Loading Spaces

Required loading spaces shall be provided on the same lot occupied by the building or structure for which the said loading spaces are required, and shall not form a part of any street or lane.

4.17.4 Yards Where Permitted

Loading spaces shall be permitted in any yard, except that:

- a) no part of any loading space shall be located in the front yard or closer than 3 metres to any lot line; and
- b) in the case of a through lot, no loading spaces shall be permitted in any part of the front yard.

4.17.5 Access To Loading Spaces

Access to loading spaces shall be provided by means of one or more unobstructed driveways which:

- a) have a minimum unobstructed width of at least 3.5 metres, regardless of the direction of traffic flow thereupon, and provide sufficient space to permit the manoeuvring of vehicles on the lot so as not to obstruct or otherwise cause a hazard on adjacent streets;
- b) are contained within the lot on which such loading spaces are located and lead either to an improved street or to a lane; and
- c) comply in all other respects with the requirements for driveways providing access to parking areas and spaces set out in this By-law.

4.17.6 Surface And Drainage Of Loading Spaces And Driveways

- a) All loading spaces and driveways providing access thereto shall be provided and maintained with a stable surface, treated so as to prevent the raising of dust or loose particles. Loading spaces and driveways required for all commercial zones shall be either asphalt, concrete or other hard surfaced material. All other required loading spaces and driveways may be crushed stone or gravel.
- b) The access point to the loading area shall be well defined.

4.17.7 Addition To Existing Use

When a building or structure has insufficient loading spaces on the date of passing of this By-Law to comply with the requirements herein, (this By-Law shall not be interpreted to require that the deficiency be made up) prior to the construction of any addition, any loading spaces required by this By-Law for such addition shall be provided in accordance with all provisions hereof respecting loading spaces.

4.17.8 Exemption For GC Zones

Notwithstanding any other provision hereof to the contrary, no loading spaces shall be required for any building, structure or use located within a GC Zone.

4.18 MODEL HOMES

The following regulations shall apply:

- a) the lands on which the model homes are situated have received draft plan approval under the Planning Act and a subdivision agreement has been executed;
- b) the model homes shall comply with the provisions and regulations of this By-law upon registration of the plan of subdivision; and
- c) the number of model homes for any draft approved plan of subdivision shall not exceed the lesser of ten (10) dwelling units or ten percent (10%) of the total number of lots.

4.19 MUNICIPAL DRAINS AND NATURAL WATERCOURSES

Notwithstanding any other provisions of this By-law, no permanent buildings or structures shall be erected or used:

- a) closer than 7.5 metres from the top-of-bank of a municipal drain having a width of less than 4.5 metres from top-of-bank to top-of-bank or from the centre line of a municipal tile drain;
- b) closer than 18.5 metres from the top-of-bank of a municipal drain having a width of between 4.5 metres and 7.5 metres from top-of-bank to top-of-bank;
- c) closer than 30.5 metres from the top-of-bank of a municipal drain which is 7.5 metres or more from top-of-bank to top-of-bank;
- d) closer than 15.0 metres from the top-of-bank of a natural watercourse or within an area that is equal to 15.0 metres plus one-half the width of the stream from the centerline of the watercourse;
- e) closer from the top-of-bank of the Lake Erie shoreline except for lands shown on Schedule "O" than:

$D = 3h + 100R$ (or) 30 metres (whichever is greater)

Where D = setback (in metres), h = elevation above Lake Erie (metres), 100 = constant representing 100 years of protection and R = rate of erosion in metres per year at the point under consideration.

- f) on lands which exhibit, or potentially exhibit, a hazardous condition as a result of their susceptibility to flooding, erosion, subsidence, inundation or the presence of organic soils or steep slopes.

4.20 NON-COMPLYING BUILDINGS AND STRUCTURES

Where a building or structure has been erected on an existing lot having less than the minimum lot frontage and/or area, minimum setback, front yard depth, side yard width or rear yard depth or where such building or structure has more than the maximum height or more than the maximum lot coverage or more than the maximum floor area permitted herein, the said building or structure may be used, altered, repaired or renovated provided such standards are not further reduced or extended and all other standards herein are complied with.

4.21 NON-CONFORMING USES

Nothing in this By-law shall apply:

- a) to prevent the use of any land, building or structure for any purpose prohibited in this By-law if such land, building or structure was lawfully used for such purpose on the day of the passing of this By-law, so long as it continues to be used for that purpose;
- b) to prevent the erection or use for a purpose prohibited in this By-law of any building or structure for which a permit has been issued under the Building Code Act, prior to the day of passing of this By-law, so long as the building or structure when erected is used and continues to be used for the purpose for which it was erected and so long as the permit has not been revoked under Building Code Act;
- c) to prevent the alteration or repair of any building or structure or part of any such building or structure which does not comply with this By-law, so long as such alteration or repair does not increase the height, size or volume or change the use of such building or structure.

4.22 OIL AND GAS WELLS

This By-law shall not apply to the use of any land for the exploration and/or production of natural gas or crude oil, or to the erection, alteration, or use of any building or structure accessory thereto.

4.23 OUTDOOR FURNACES

Where permitted by this By-law, no outdoor furnace shall:

- a) be erected within ten (10) metres of a lot line;
- b) be erected within one hundred and fifty (150) metres of a dwelling situated on a separate lot.

4.24 PARKING REGULATIONS

4.24.1 Required Parking Spaces

The parking space requirements provided in the following table shall apply to all uses, buildings and structures in all zones with the exception of the General Commercial (GC) Zone. The number of required spaces shall be calculated per square metre (m²) of the floor area of the main building except where expressed otherwise. Parking spaces shall be provided at the time a use is established or changed or a building or structure is erected or enlarged.

4.24.2 Accessible Parking Spaces

Accessible parking spaces shall, in the case of a Type A parking space as defined, have a minimum width of 3.4 m and, in the case of a Type B parking space as defined, have a minimum width of 2.4 m and shall be provided adjacent to the primary entrance of the building they are intended to serve and clearly signed or marked as “Accessible Parking Spaces”.

To facilitate access to the motor vehicle, every accessible parking space shall be provided with an abutting access aisle, 1.5 m in width, extending the full length of the accessible parking space and be clearly identifiable by high tonal contrast diagonal lines, concrete or other hard distinguishing surface treatment to discourage parking on or within them which access aisle may be shared by two accessible parking spaces

All designated accessible parking spaces shall be signed or marked in accordance with the Integrated Accessibility Standards Regulation and the Highway Traffic Act and, in the case of Type A parking spaces as defined, signed or marked as “Van Accessible”.

The number of accessible parking spaces required shall be part of the total parking requirement in accordance with the following:

Required Spaces	Required No. of Spaces for Accessible Parking	
	Type A	Type B
1 - 50	1	1
51 - 75	1	2
76 - 100	2	2

4.24.3 Location

The location of a parking space required herein shall be located on the same lot or within the same building or structure as the use building or structure for which the said parking is required.

4.24.4 Dimensions of Parking Spaces

A parking space required herein shall have a minimum width of 2.7 m and a minimum length of 5.5 m except in the case of accessible parking spaces which shall have a minimum width as specified in subsection 4.21.2 to this By-law.

4.24.5 Additions to Existing Uses

The parking space requirements of this By-law shall apply to any existing building or structure so long as the floor area of the said building or structure is not increased and the building or structure is used for a purpose which does not require additional parking spaces as required by this By-law than were required by virtue of its size or use on the effective date. Where a use is changed or the floor area of a building or structure is enlarged or there is an increase in the number of divisible units (e.g. seating capacity), then such additional parking spaces shall be provided to the number required for such change.

4.24.6 Calculation of Required Parking Spaces

When calculating the number of required parking spaces, the following shall apply:

- a) where a building, structure or lot accommodates more than one use, the required parking spaces shall be the sum of the required parking spaces for the individual uses. Parking spaces for one use shall not be considered as providing the required parking spaces for any other use.
- b) where seating accommodation is provided by benches, 0.6 m of bench space shall be equivalent to one (1) seat.
- c) calculation of the required parking spaces results in a fraction, the required parking spaces shall be the next highest whole number notwithstanding Section 1.5 of this By-law to the contrary.

4.24.7 Parking Regulations In Residential Zones

The following regulations shall apply:

- a) no motor vehicle shall be parked or stored in any residential zone other than a private passenger automobile, a motor home, travel trailer, or truck camper, or in the case of a commercial motor vehicle as provided for in this By-law;
- b) no commercial motor vehicle, having a capacity of greater than 6000 kilograms, shall be parked or stored outdoors in the Village Residential One (VR1) Zone, Village Residential Two (VR2) Zone, Hamlet Residential (HR) Zone or Mobile Home (MH) Zone;
- c) all parking spaces in any residential zone shall be located in an attached or detached private garage, or in a driveway, or in a side or rear yard provided that the lot coverage of the spaces shall not exceed 15% of the total lot area;
- d) no commercial motor vehicle, having a capacity of greater than 6000 kilograms, shall idle for an extended period of time in any residential zone.

4.25 PROHIBITED USES

The following shall be prohibited in any zone except where specifically permitted otherwise:

- a) the use of a truck, bus, coach, railway car, shipping container or streetcar body or any portions thereof for the purposes of conducting or operating a business or trade;
- b) the use of any travel trailer, truck camper or motor home for the living, sleeping, or eating or accommodation of persons;
- c) the making or establishment of pits and quarries;
- d) the tanning or storage of uncured hides or skins;
- e) the boiling of blood, tripe, bones or soaps for commercial purposes;
- f) the manufacturing of glues or fertilizers from dead animals or from human or animal waste;
- g) an abattoir, livestock yard, livestock exchange, or dead stock depot;
- h) the keeping of exotic animals;
- i) the extracting of oil from fish;
- j) a track for the driving, racing or testing of automobiles, motorcycles, snowmobiles or any other motorized vehicles;
- k) a salvage or scrap yard, or the collection, storage or sale of:
 - i) automobiles which are not in running condition;
 - ii) partially or completely dismantled automobiles or other vehicles; or
 - iii) parts of automobiles or other vehicles;except where the automobiles or other vehicles are accessory to a permitted automotive use;
- l) a disposal site for solid waste;
- m) the refining, storage or use in manufacturing of coal, rock, fuel, oil, natural gas, propane, burning fluids, naphtha, bensole, benzene, gasoline, dynamite, dualim, nitro-glycerin, gun powder, petroleum or any other combustible, inflammable, volatile or otherwise dangerous liquids, gases or solid materials except where specifically permitted hereby or in conjunction with a permitted industrial use. This provision shall not apply to prevent the aboveground storage of such substances where such storage is incidental and accessory to an agricultural use associated with a normal farm practice, or the use of natural gas, propane or fuel oil for domestic purposes, such as heating and cooking, in conjunction with a residential, commercial or industrial use;
- n) an airport or landing strip;

- o) any use which causes the emission of corrosive gases, toxic gases, or radioactive gases or into any zone other than an M1 Zone, of electromagnetic fields, heat, glare, dust, dirt, fly ash, or smoke, or which does not comply with emission regulations as may be established from time to time by the Province of Ontario, the Government of Canada, or any agencies thereof;
- p) the location or storage on any land for any purpose whatsoever any railroad car or part thereof, street car or part thereof, truck body or part thereof, bus body or part thereof, whether or not the same is situated on a foundation;
- q) use of any land or building, except those lands appropriately zoned for the repair or servicing of motor vehicles unless such motor vehicle is owned by and registered in the name of an owner or occupant of such land or building;
- r) undertaking anything but minor repairs and servicing such as the changing of tires or oil, outside of a garage or other suitable building, on any motor vehicle within the Municipality, except on lands lawfully occupied and used for an motor vehicle use;
- s) any establishment used as an adult entertainment establishment as defined by this By-law;
- t) any outdoor furnace used, or intended to be used, to supply heat or hot water to any dwelling;
- u) any form of the following:
 - i) Underground transmission of oil, gasoline, or other petroleum liquid products;

 - vi) Electroplaters and metal fabricators;
 - vii) Peat extraction;
 - viii) Landfills
 - ix) Chemical / biological laboratories;
 - x) Chemical manufacturing/industrial uses;
 - xi) Facilities generating, treating or disposing hazardous waste;
 - xii) Asphalt / concrete / tar plants;
 - xiii) Automotive junk yards;
 - xiv) Bulk fuel oil storage yards;
 - xv) Car washes;
 - xvi) Cemeteries;
 - xvii) Dry cleaning facilities;
 - xviii) Gasoline service stations;
 - xix) Underground storage tanks.

4.26 PUBLIC USES

With the exception of any facility used for the transmission or distribution of electricity, this By-law shall not apply to the use of any land or to the erection, alteration or use of any building or structure for the purpose of public service by a public authority or public utility as long as:

- a) the lot coverage, setback and yard requirements of the zone in which such land, building, or structure is located are complied with;
- b) no outside storage is located in a residential zone; in a yard on a lot adjacent to a residential zone; or in a yard on a lot lying opposite a residential zone.

4.27 RESIDENTIAL DRIVEWAYS

The following regulations shall apply:

- a) The maximum width of a driveway, measured along the sidewalk where such exists, and along the street line shall otherwise be nine (9.0) metres.
- b) The minimum distance between a driveway and an intersection of street lines measured along the street line intersected by such driveway shall be nine (9.0) metres.
- c) The minimum distance between a lot line and any driveway, with the exception of a mutual or common driveway, shall be one (1.0) metre. A driveway shall, however, be allowed to intersect a lot line in accordance with the provisions of subsection d).
- d) The interior angle formed between the street line and the centre line of any driveway shall not be less than forty-five (45) degrees.

4.28 SATELLITE DISHES

A satellite dish, other than a satellite dish having a diameter of one (1.0) metre or less and mounted on a building, structure, fence or boundary wall, may be erected and used in any zone, provided it:

- a) is not erected in an elevated position which exceeds the maximum height requirement for an accessory building or structure, regardless of the method of elevation used;
- b) complies with the requirements for an accessory building or structure of the zone in which it is located;
- c) is located, in the case of lands zoned Village Residential One (VR1), Village Residential Two (VR2) or Hamlet Residential (HR), in a rear yard or in an interior side yard.

4.29 SCHOOL BUS HUTS OR SHELTERS

Where permitted by this By-law, a school bus hut or shelter shall:

- a) not exceed five (5.0) m² in floor area;
- b) not exceed three (3.0) m in height;
- c) not be situated closer than one (1.0) m from a lot line.

4.30 SECOND DWELLING UNITS

Where in this By-law a single unit dwelling or a semi-detached dwelling is listed as a permitted use in a settlement area, a second dwelling unit shall also be permitted either within that dwelling or within a building accessory to the said dwelling subject to the following:

- a) Where the second dwelling unit is located within a single unit dwelling or semi-detached dwelling:
 - i) a maximum of one second dwelling unit shall be permitted;

- ii) an independent entrance to the second dwelling unit from outside the dwelling shall be provided;
- iii) a minimum ceiling height of 2.0 m shall be maintained where located in a basement or cellar;
- iv) the dwelling unit will be situated in a basement or cellar, the finished floor level of such basement or cellar shall not be below the level of any municipal sanitary sewer or storm sewer servicing the dwelling in which such dwelling unit would be located;
- v) the floor area of the second dwelling unit shall not exceed 40% of the floor area of the dwelling to a maximum of 75m²;
- vi) the second dwelling unit shall not contain more than one bedroom;
- vii) a minimum of one parking space dedicated to the second dwelling unit shall be provided;
- viii) the requirements of the Ontario Building Code shall be complied with.

b) Where the second dwelling unit is located within an accessory building:

- i) a maximum of one second dwelling unit shall be permitted
- ii) the requirements herein with respect to an accessory building shall be complied with;
- iii) the second dwelling unit shall not exceed a floor area of 75 m²;
- iv) the second dwelling unit shall not contain more than one bedroom;
- v) the second dwelling unit shall be connected to the municipal water supply system and the municipal sanitary sewage system where such services are available;
- vi) the second dwelling unit shall, where a municipal water supply system is unavailable, be connected to a private on-site water well capable of producing a minimum of 18.9 litres/minute;
- vii) the second dwelling unit shall, where connection to the municipal sanitary sewage system is not available, be connected to an approved private on-site sewage system;
- viii) a minimum of one parking space dedicated to the second dwelling unit shall be provided;
- ix) the requirements of the Ontario Building Code shall be complied with.

4.31 SETBACKS FROM COUNTY ROADS

Notwithstanding any other provisions of this By-law, where a building or structure is erected or proposed to be erected adjacent to a county road, and in the absence of an established building

line, the following minimum setbacks shall be provided or maintained from the centerline of such road:

Name	No.	between	and	Classification	Minimum Setback*
Avon Drive	37	Pigram Road	Belmont Road	Collector	24 m
Lyons Line	48	Pigram Road	Belmont Road	Collector	24 m
Ron McNeil Line	52	Pigram Road	Springfield Road	Collector	24 m
Glencolin Line	32	Springfield Road	Springwater Road	Collector	24 m
Nova Scotia Line	42	Imperial Road	Richmond Road	Collector	24 m
Richmond Road	43	Nova Scotia Line	John Wise Line	Collector	24 m
Springfield Road	40	Nova Scotia Line	Calton Line	Collector	24 m
Hacienda Road	32	John Wise Line	Dingle Street	Collector	24 m
Imperial Road	73	Avon Drive	Port Bruce	Minor Arterial	26 m
John Wise Line	45	Springwater Road	Springfield Road	Minor Arterial	26 m
Calton Line	45	Springfield Road	Richmond Road	Minor Arterial	26 m

*not applicable within settlement areas of Springfield and Port Bruce

4.32 SETBACKS FROM RAILWAYS

The following regulations shall apply:

- a) No buildings or structures shall be erected or used within seventy five (75) metres of a railway right-of-way.
- b) Evaluation of ground-borne vibration from rail traffic shall be required within seventy five (75) metres of a railway right-of-way and evaluation of noise from rail traffic through a Noise Impact Study shall be required within one hundred and twenty (120) metres of a railway right-of-way in accordance with Ministry of the Environment, Conservation and Parks guidelines.
- c) Variations to the noise and vibration standards can be made if an Environmental Noise & Vibration Study is submitted and accepted by the Township. These reports can be used as a basis for varying the standards where site specific barriers or topographical features are present which warrant changes. Specific standards can be applied through the development, consent or subdivision agreement.

4.33 SEWAGE TREATMENT PLANTS AND WASTE DISPOSAL SITES

No building or structure used or intended for residential occupancy shall be erected within three hundred (300) metres of a sewage treatment plant or a waste disposal site.

4.34 SHIPPING CONTAINERS

Where permitted by this By-law as an accessory use, no shipping container shall:

- a) be erected within ten (10) metres of a lot line;
- b) be erected within one hundred (100) metres of a dwelling on a separate lot;
- c) exceed the maximum floor area and/or the maximum coverage requirement for an accessory building or structure of the zone in which it is situated;

d) be erected in a front yard or an exterior side yard.

4.35 SIGHT VISIBILITY TRIANGLES

Except in the General Commercial (GC) Zone, no building or structure shall be erected and no shrubs or foliage planted in such manner as to impede the vision of a motorist approaching the intersection, between a height of one (1.0) metres and three (3.0) metres above the centre line grade of intersecting roads in the triangular area bounded by the front lot line, the exterior side lot line and a line joining the points along said lines nine (9.0) metres distant from the point of intersection of the said lines.

4.36 SWIMMING POOLS AND TENNIS COURTS

The following regulations shall apply with respect to the erection or use of a swimming pool or a tennis court, which is not enclosed or otherwise located within a building:

- a) no swimming pool or tennis court shall, except in the case of lands zoned General Agricultural (A1), be located in any yard other than in an interior side yard or a rear yard;
- b) no swimming pool or tennis court shall be located closer than 1.5 metres to any rear lot line or side lot line;
- c) no part of a swimming pool shall exceed a height of 2.0 metres above grade, exclusive of appurtenances or facilities such as diving boards or slides;
- d) every swimming pool shall be enclosed by a fence of at least 1.2 metres in height equipped with a gate capable of being locked and located at a distance of not less than 1.0 metre and not more than 10 metres from the pool;
- e) no water circulating or treatment equipment such as pumps or filters or any accessory building or structure containing such equipment, shall be located closer than 2.0 metres to any lot line.

4.37 WAYSIDE PITS AND QUARRIES, PORTABLE ASPHALT PLANTS, PORTABLE CONCRETE PLANTS

Wayside pits, wayside quarries, portable asphalt plants and portable concrete plants used in conjunction with a road construction project by a public authority or its agents shall be permitted in all zones provided that any portable asphalt plant is not erected any closer than 300 metres to an institutional use or a residential use.

4.38 YARD ENCROACHMENTS AND OBSTRUCTIONS

No part of any required yard shall be obstructed by any building or structure except for one or more of the following:

- a) accessory buildings or structures specifically permitted in a required yard;

- b) architectural adornments including, but not necessarily limited to, sills, belt courses, chimneys, cornices, eaves, gutters, parapets, pilasters and roof trusses projecting not more than one-half (0.5) metre into any required yard except that no eaves of any building located within a residential zone shall be located closer than one-third (0.3) metre to any lot line;
- c) functional and ornamental structures including, but not necessarily limited to drop awnings, clothes poles, ornamental fountains, statues, monuments, cenotaphs, memorials, planters, garden trellis, fences, hedgerows, satellite dishes having a diameter of one (1.0) metre or less, and legal signs;
- d) unenclosed fire escapes or outside staircases in which the stair steps and floors are latticed in such a manner that the proportion of voids to solids is not less than two to one and in which guards consist only of hand rails and the structural members necessary to their support, and which do not project more than one and one-half (1.5) metres into any required yard;
- e) awnings, atriums and bay windows projecting not more than one (1.0) metre into any required yard, other than any required interior side yard, in the Village Residential One (VR1) Zone or the Village Residential Two (VR2) Zone and which do not project into any required sight visibility triangle;
- f) open roofed porches, uncovered decks and balconies projecting not more than three and one-half (3.5) metres into any required front yard, rear yard, exterior side yard or setback and which do not project into any required sight visibility triangle. Enclosures to any porch projecting into a required yard or setback shall be limited to one (1.0) metre in height exclusive of roof supports, but this shall not prohibit the enclosure of a porch or terrace by latticing, screening or similar method provided at least fifty percent (50%) of the surface area is open and unobstructed to the air;
- g) central air conditioning or heat pump units, provided that such unit is located within three (3.0) metres of the main building in a front yard or an exterior side yard, or a minimum of 1.2 metres from any other side or rear lot line;
- h) un-enclosed ramps for the physically challenged.

5.0 AGRICULTURAL ZONES

GENERAL AGRICULTURAL (A1) ZONE

The General Agricultural (A1) Zone applies to the majority of lands designated 'Agriculture' in the Township's Official Plan. It includes productive agricultural land under active cultivation as well as non-active farmland, pasture land, woodlands, ravine lands and other natural areas despite the fact they may not be used or capable of being used for agricultural purposes. Permitted uses in the A1 zone include a broad range of agricultural activities from the cultivation of land and production of crops to the breeding, raising and care of livestock. Other uses such as forestry, riding schools, dog kennels, estate wineries and wildlife preserves are also permitted in recognition that such uses are appropriately located in the rural area and are complementary or not in conflict with agricultural uses. Lands zoned A1 are typically large, being greater than 1 ha (2.5 acres) in size. Where new agricultural parcels are proposed to be created, the minimum lot area of each parcel is 20 hectares (49.4 acres). Livestock buildings and structures and additions thereto as well as manure storage facilities are required to comply with Minimum Distance Separation II developed by the Ontario Ministry Of Agriculture, Food and Rural Affairs.

SPECIAL AGRICULTURAL (A2) ZONE

The Agricultural (A2) Zone is virtually identical to the General Agricultural (A1) Zone with the exception that dwellings, as well as uses which normally require, or are associated with, a dwelling, are not permitted. It also, similar to the A1 zone, applies in areas designated 'Agriculture' in the Township's Official Plan. Application of the A2 zone is limited to instances involving a consent to dispose of a surplus farm dwelling on condition that any subsequent dwelling would be prohibited on the remaining lands in accordance with the Provincial Policy Statement (PPS), the County of Elgin Official Plan and the Township's Official Plan. The minimum lot area of a parcel zoned A2 is the area of the parcel as of the date of registration of the lot created to dispose of the surplus farm dwelling.

LARGE LOT AGRICULTURAL (A3) ZONE

The Large Lot Agricultural (A3) Zone is virtually identical to the General Agricultural (A1) Zone with the exception that a minimum lot area of 40 hectares (98.8 acres) applies. It also, similar to the A1 and A2 zones, applies in areas designated 'Agriculture' in the Township's Official Plan. The Large Lot Agricultural (A3) Zone represents a 'carry-over' zone from the former Township of Malahide Zoning By-law No. 05-27. It is intended primarily as a means of identifying larger, contiguously owned and/or cultivated farmland parcels which may or may not be further subdivided into smaller holdings provided, amongst other matters, each parcel comprises a minimum lot area of 40 hectares.

SMALL LOT AGRICULTURAL (A4) ZONE

The Small Lot Agricultural (A4) Zone applies in areas designated 'Agriculture' in the Township's Official Plan to parcels ranging in size from 4,000 sq. m (1 acre) to 1 hectares (2.5 acres). The A4 zone also applies to lots created by consent to dispose a surplus farm dwelling where the size of the lot is greater than 1 hectare. As a means of identifying lots in the rural area which are primarily residential in nature, it essentially replaces the Agricultural Residential (AR) Zone of the Township's former Zoning By-law. Agricultural uses are permitted with the exception of fur farming and mushroom farming. The keeping of livestock is restricted to small-scale operations which are not governed by the provisions of the Nutrient Management Act.

5.3 SPECIAL USE REGULATIONS

5.3.1 Accessory Buildings and Structures

Accessory buildings or structures in the General Agricultural (A1) Zone, Special Agricultural (A2) Zone and the Large Lot Agricultural (A3) Zone shall be governed by the provisions of Section 5.2.1 whereas accessory buildings or structures in the Small Lot Agricultural (A4) Zone shall not:

- a) be erected closer to the front lot line or the exterior side lot line than the minimum distance required for the dwelling on the lot;

- b) be erected in the front yard or, in the case of a corner lot, in the exterior side yard;
- c) be erected closer to the road than the dwelling is to that road;
- d) be erected closer than five (5.0) metres to an interior side lot line;
- e) be erected closer than 1.2 metres to a rear lot line;
- f) exceed the maximum floor area prescribed in Section 5.2.1;
- g) exceed ten (10) percent coverage of the lot area;
- h) exceed six (6.0) metres in height or contain more than two storeys;
- i) be erected within two (2.0) metres of the dwelling;
- j) be considered an accessory building if attached to the dwelling in any way.

By-law No. 19-08
General Amendment

5.3.2 Livestock Buildings and Structures and Manure Storage Facilities for Livestock – Minimum Distance Separation (MDS II) Formulae

No livestock building or structure or manure storage facility shall be erected, altered or used except in accordance with Minimum Distance Separation (MDS II) Formulae as established by the Province, as amended, and implemented under the guidelines established by the Province, as amended.

5.3.3 Animal Kennels

By-law No. 19-08
General Amendment

The following provisions shall apply to animal kennels:

- | | |
|---|-------|
| a) minimum distance from a dwelling located on a separate lot outside a settlement area | 300 m |
| b) minimum distance from a settlement area | 450 m |

5.3.4 Home Occupations

The following provisions shall apply to home occupations:

- a) shall be permitted only within a dwelling, or within an accessory building;
- b) the floor area of the dwelling including the basement area used for the home occupation shall not exceed twenty-five (25) percent of the floor area of the dwelling or forty (40) square metres, whichever is the lesser;
- c) the floor area of the accessory building used for the home occupation shall not exceed two hundred (200) square metres;

- d) the external character of the dwelling as a residence shall not change or a nuisance, particularly in regard to noise, odour, traffic or parking shall not be created;
- e) outside storage shall only be permitted in an interior side yard or a rear yard provided it does not exceed a contiguous area of one hundred (100) square metres;
- f) the maximum number of persons engaged in the home occupation but who reside on a lot other than the lot on which the home occupation is conducted shall be limited to one (1).

5.3.5 Secondary Farm Occupations

The following provisions shall apply to secondary farm occupations:

- a) shall be permitted within an accessory building;
- b) shall not exceed a maximum of three hundred (300) square metres in floor area;
- c) shall be located on the lot, behind and to the rear of dwelling on the lot, shall be located a maximum of fifty (50) metres from the dwelling on the lot;
- d) shall be located a minimum distance of one hundred fifty (150) metres from a dwelling situated on a separate lot;
- e) outside storage shall not exceed a contiguous one hundred fifty (150) square metres and shall be located immediately behind and to the rear of the building in which the secondary farm occupation is conducted;
- f) the maximum number of persons engaged in the secondary farm occupation but who reside on a lot other than the lot on which the secondary farm occupation is conducted shall be limited to three (3).

5.3.6 Single Unit Dwellings – Minimum Distance Separation (MDS I) Formulae

No single unit dwelling shall be erected or used except in accordance with Minimum Distance Separation (MDS I) Formulae as established by the Province, as amended, and implemented under the guidelines established by the Province, as amended. The foregoing shall not apply to the alteration of an existing dwelling or the replacement of an existing dwelling with a new dwelling provided the new dwelling is situated no closer to a livestock building or structure or manure storage facility situated on a separate lot than the dwelling being altered or replaced.

6.0 RESIDENTIAL ZONES

VILLAGE RESIDENTIAL ONE (VR1) ZONE

The Village Residential One (VR1) Zone applies exclusively to lots used or proposed to be used for single unit dwellings, duplex dwellings and semi-detached dwellings in the Village of Springfield on lands designated 'Residential' in the Township's Official Plan. Within the VR1 zone, standards apply to such matters as lot area, frontage, setbacks from property lines, height and coverage. Lands zoned VR1 are, or are intended to be, serviced by a municipal sanitary sewage system. A municipal water supply system is as yet unavailable in the Village.

VILLAGE RESIDENTIAL TWO (VR2) ZONE

The Village Residential Two (VR2) Zone applies to low density residential development situated in the Village of Port Bruce. The corresponding land use designation in the Township's Official Plan is 'Recreation Residential'. Dwellings are restricted to single unit dwellings and two unit dwellings in a number of different configurations (e.g. semi-detached dwellings, duplex dwellings, converted dwellings). Group homes are also permitted. Within the VR2 zone, standards apply to such matters as lot area, frontage, setbacks from property lines, coverage and height. Standards vary based on dwelling type. Lands zoned VR2 are, or are intended to be, serviced by a municipal water supply system. A municipal sanitary sewage system is as yet unavailable in the Village.

HAMLET RESIDENTIAL (HR) ZONE

The Hamlet Residential (HR) Zone applies to residential development comprising single unit dwellings and converted dwellings in the recognized settlement areas of Avon, Calton, Copenhagen, Kingsmill Corners, Luton, Lyons, Mount Salem, Orwell, South Gore and Summers Corners. The corresponding land use designation in the Township's Official Plan is 'Hamlet'. Minimum lot area and minimum lot frontage requirements are stipulated for the creation of new lots.

RURAL RESIDENTIAL (RR) ZONE

The Rural Residential (RR) Zone applies to residential lots designated 'Agriculture' in the Township's Official Plan where the size of such lots does not generally exceed 4,000 square metres (approximately 1 acre). Permitted uses are restricted to single unit dwellings and converted dwellings. Bed and breakfast establishments, home occupations and other accessory uses are also permitted. The RR zone is also applied, depending on lot size, to a new lot being created by consent for the purposes of disposing a surplus farm dwelling. Within the RR zone, the minimum lot area is 2000 sq m (0.5 acres). Unlike the Small Lot Agricultural (A4) zone, the keeping of livestock is not permitted.

MOBILE HOME PARK (MH) ZONE

The Mobile Home Park (MH) Zone applies to lands on which a mobile home park is permitted, being the placement of mobile homes on leased sites. Mobile home parks are limited to lands designated 'Hamlet', 'Village' and 'Suburban Area' in the Township's Official Plan. Existing mobile home parks are situated at 13488 Imperial Road (Lyons), 9339 Hacienda Road and in Port Bruce.

6.3 SPECIAL USE REGULATIONS

6.3.1 Municipal Services

In the VR1 and VR2 zones, no dwelling shall be erected or used unless such dwelling is connected to a municipal water supply system and/or a municipal sanitary sewage system.

6.3.2 Accessory Buildings and Structures

Accessory buildings or structures shall not:

- a) be used for human habitation except as otherwise permitted herein for a second dwelling unit;
- b) be erected closer to the front lot line or the exterior side lot line than the minimum distance required for the main building on the lot;
- c) be erected in the front yard or, in the case of a corner lot, in the exterior side yard;
- d) be erected closer to the road than the dwelling is to that road;
- e) be erected closer than 1.2 metres to any lot line except that a common semi-detached private garage or carport may be centred on the mutual lot line;
- f) exceed the maximum floor area prescribed in Section 6.2.1;
- g) exceed ten (10) percent coverage of the lot area;
- h) exceed six (6.0) metres in height or contain more than two storeys;
- i) be erected within one (1.0) metre of the main building;
- j) be considered an accessory building if attached to the main building in any way.

By-law No. 19-08
General Amendment

6.3.3 Accessory Buildings in the Rural Residential (RR) Zone

Where an accessory building in the Rural Residential (RR) Zone, as a result of a consent being given, exceeds the maximum floor area for an accessory building, the said building shall be deemed to be permitted and may be used, repaired or renovated.

6.3.4 Home Occupations

The following provisions shall apply to home occupations:

- a) shall be permitted within a dwelling or within an accessory building;
- b) the floor area of the dwelling including the basement area used for the home occupation shall not exceed twenty-five (25) percent of the floor area of the dwelling or forty (40) square metres, whichever is the lesser;

- c) the floor area of an accessory building used for the home occupation shall not exceed seventy-five (75) square metres except in the Rural Residential (RR) Zone where the floor area of an accessory building used for a home occupation shall not exceed one hundred (100) square metres;
- d) the character of the dwelling as a residence shall not change or a nuisance, particularly in regard to noise, odour, traffic or parking shall not be created;
- e) mechanical equipment shall not be used, the operation of which would result in any noise, fumes, dust or odours perceptible outside the dwelling or accessory building;
- f) the maximum number of persons engaged in the home occupation but who reside on a lot other than the lot on which the home occupation is conducted shall be limited to one (1).

6.3.5 Single Unit Dwellings – Minimum Distance Separation (MDS I)

In the Rural Residential (RR) Zone, no single unit dwelling shall be erected or used except in accordance with Minimum Distance Separation I (MDS I) as established by the Province, as amended, and implemented under the guidelines established by the Province, as amended. The foregoing shall not apply to the alteration of an existing dwelling or the replacement of an existing dwelling with a new dwelling provided the new dwelling is situated no closer to a livestock building or structure or manure storage facility than the dwelling being altered or replaced.

7.0 COMMERCIAL ZONES

GENERAL COMMERCIAL (GC) ZONE

The General Commercial (GC) Zone applies to lands comprising the historic downtown cores in the settlement areas of Springfield and Port Bruce and designated 'Commercial' in the Township's Official Plan. Within the GC zone, a broad range of commercial uses are permitted which, for the most part, are engaged in the selling and offering of goods and services. Also permitted are institutional uses and residential uses. Minimum setbacks do not generally apply and maximum building coverage is permitted. To ensure commercial uses remain prominent at 'street level', residential uses are restricted to locations above the first floor with the exception of free-standing multiple unit dwellings. Commercial fishing operations in Port Bruce, which were previously permitted in the Flood Fringe (FF) Zone in the Township's former Zoning By-law, are now recognized through the application of "site-specific" (GC-#) zoning.

HAMLET COMMERCIAL (HC) ZONE

The Hamlet Commercial (HC) Zone applies to lands situated in the settlement areas of Avon, Calton, Copenhagen, Kingsmill Corners, Luton, Lyons, Mount Salem, Orwell, South Gore and Summers Corners. The corresponding land use designation in the Township's Official Plan is 'Hamlet'. Within the HC zone, commercial uses are permitted characterized by those which are small in scale and which are compatible with the predominantly residential character of these small settlement areas. Due to the unavailability of a municipal sanitary sewage system and a municipal water supply system, minimum lot areas apply to the creation of new lots.

RURAL COMMERCIAL (RC) ZONE

The Rural Commercial (RC) Zone applies to lands situated outside of the designated settlement areas in the rural area of the Township. It applies to non-agriculturally related commercial uses largely in existence prior to the adoption of the Township's Official Plan which serves to generally prohibit such uses due to their potential incompatibility with agriculture and their impact on the loss of agricultural land for non-agricultural related purposes. In addition, a range of vehicular-oriented commercial uses are permitted which rely upon large lot areas to accommodate building coverage, off-street parking, outside storage and display. Unlike the compact commercial development which is characteristic of the settlement areas, minimum setbacks are applied to ensure, amongst other matters, adequate building setbacks, on-site landscaping and parking.

HIGHWAY COMMERCIAL (HWC) ZONE

The Highway Commercial (HWC) Zone applies to existing commercial uses outside of Springfield and Port Bruce and outside of the designated hamlets. It also applies to lands situated at the periphery of Springfield fronting on Highway No. 3. The HWC Zone permits a wide range of commercial uses which typically seek out sites on well travelled highways and county roads with ample on-site parking for the purpose of meeting the needs of the motoring public.

LOCAL COMMERCIAL (LC) ZONE

The Local Commercial (LC) Zone applies to lands situated within both urban and rural designations in the Township's Official Plan. Cottage type industries (light assembly and fabrication) are permitted, that is, uses that generally fall between the characteristics of a home occupation and a full scale commercial or industrial use. The types of uses include craft and tourism type businesses, bed and breakfast establishments and other hobby establishments which are small in scale and non-noxious, non-intrusive and generally do not generate high volumes of vehicular traffic. To encourage owner/operator occupancy of these establishments, a single unit dwelling is permitted as an accessory use to the main permitted uses in the LC Zone.

7.8 LOCAL COMMERCIAL (LC) ZONE – ‘SITE-SPECIFIC’ ZONES

(This Page Left Blank Intentionally)

8.0 INDUSTRIAL ZONES

GENERAL INDUSTRIAL (M1) ZONE

The General Industrial (M1) Zone applies to lands used for small-scale industrial purposes in designated 'Hamlets' as well as for large-scale industrial uses in the Village of Springfield and designated 'Suburban Areas'. Within the M1 zone, a wide range of industrial uses are permitted as well as certain commercial uses that are considered compatible with industrial areas or share similar attributes with industrial uses. Uses include bulk sales establishments, contractor's yards or shops, industrial uses, machine shops and motor vehicle repair garages and warehouses. Standards apply with respect to lot area, lot frontage, setbacks from property lines and lot coverage. Buffering, landscaping, surface drainage, parking areas and similar features are usually addressed separately as a matter of site plan control.

RURAL INDUSTRIAL (M2) ZONE

The Rural Industrial (M2) Zone applies to non-agriculturally related commercial and industrial uses in the rural area of the Township. A range of industrial uses are permitted including bulk sales establishments, contractor's yards or shops, machine shops and service shops. A dwelling unit is permitted as an accessory use. Similar to the RC zone, the M2 zone applies to non-agriculturally related industrial and industrial-like uses largely in existence prior to the adoption of the Township's Official Plan which serves to generally prohibit such uses due to their potential incompatibility with agriculture and their impact on the loss of agricultural land for non-agricultural related purposes. Standards apply with respect to lot area, lot frontage, setbacks from property lines and lot coverage. Buffering, landscaping, surface drainage and parking areas are usually addressed separately as a matter of site plan control.

FARM INDUSTRIAL (M3) ZONE

The Farm Industrial (M3) Zone applies primarily to agriculturally related commercial and industrial uses on lands designated 'Agricultural' in the Township's Official Plan. Permitted uses include abattoirs, agricultural sales establishments, feed mills, grain handling facilities and livestock marketing yards. A dwelling unit is permitted as an accessory use. The Official Plan permits agriculturally related commercial and industrial uses in areas designated 'Agricultural' where it is necessary that they be in close proximity to agricultural operations or where the potential for conflict makes such uses unsuited to settlement areas. Standards apply with respect to lot area, lot frontage, setbacks from property lines and lot coverage. Buffering, landscaping, surface drainage and parking areas are usually addressed separately as a matter of site plan control.

EXTRACTIVE INDUSTRIAL (M4) ZONE

The Extractive Industrial (M4) Zone applies to pits and quarries licensed under the Aggregate Resources Act on lands designated 'Mineral Resource Areas' in the Township's Official Plan. Permitted uses are generally limited to licensed pits and quarries. Other uses permitted include agricultural uses and forestry. Matters associated with the actual operation of a licensed pit (e.g. truck haul routes, hours of operation, limits of excavation, buffering, rehabilitation) are specified as part of the pit licensing requirements.

8.1 PERMITTED USES, BUILDINGS AND STRUCTURES

8.7 **EXTRACTIVE INDUSTRIAL (M4) ZONE – ‘SITE-SPECIFIC’ ZONES**

9.0 INSTITUTIONAL, OPEN SPACE & PUBLIC UTILITY ZONES

INSTITUTIONAL (I) ZONE

The Institutional (I) Zone applies to, and may be found in, virtually all land use designations in the Township's Official Plan where an institutional use either exists or is proposed. A range of institutional uses is permitted ranging from municipal buildings, places of worship, schools, group homes, nursing and rest homes and facilities owned and operated by a non-profit organization. Uses similar in character to institutional uses (e.g. funeral homes) are also permitted. Standards apply with respect to lot area, lot frontage, setbacks from property lines and lot coverage.

OPEN SPACE (OS) ZONE

The Open Space (OS) Zone applies to and may be found in virtually all land use designations in the Township's Official Plan and applies generally to lands used or proposed to be used for, parks and outdoor recreational purposes and cemeteries where buildings and structures are limited. The use of lands zoned OS for residential purposes is restricted to those situations where accommodation is necessary for a caretaker whose presence is required on-site. Certain open space uses (e.g. campgrounds or trailer parks, golf courses, paintball parks) are not permitted as-of-right but rather in 'site-specific' zones only.

PUBLIC UTILITY (U) ZONE

The Public Utility (U) Zone applies to lands throughout the Township occupied by a utility station which, by definition, includes a water or sewage pumping station, a water storage reservoir, an electric power transformer station, a telephone repeater station and a micro-wave tower. These and similar infrastructure facilities is permitted in all land use designations in the Township's Official Plan.

The use of land by the Township, the County of Elgin, the Catfish Creek Conservation Authority, the Kettle Creek Conservation Authority, the Long Point Region Conservation Authority and other public authorities and public utilities are permitted, however, in any zone subject to the general provisions of the By-law regarding public uses. The Township may however, from time to time and subject to the requirements of the Planning Act, zone such lands Public Utility (U) for identification purposes as part of a general or 'housekeeping' amendment to the Zoning By-law.

10.0 ENACTMENT

10.1 CONFLICT WITH OTHER BY-LAWS

Where a provision of this By-law conflicts with a provision of another by-law in force in the Township, the provision that establishes the higher standard shall prevail.

10.2 REPEAL OF EXISTING BY-LAWS

All previous by-laws passed under Section 34 of the Planning Act shall be deemed to have been repealed except to the extent that any of the said by-laws prohibits the use of any land, building or structure for a purpose that is also prohibited by this By-law.

10.3 MINOR VARIANCES AND PERMISSIONS

Notwithstanding Section 10.2 of this By-law to the contrary, where a minor variance or permission has been granted under Section 45 of the Planning Act or a predecessor thereof from one or more of the permitted uses or standards of the Township of Malahide Zoning By-law No. 05-27, as amended, the variance or permission granted shall be deemed to continue to be in effect, and the use of lands or the erection of any building or structure to which said variance or permission applies shall be deemed to conform and comply with the permitted uses and standards of this By-law.

10.4 SEVERABILITY

In the event that any clause or provision of this By-law, including anything contained in the attached schedules, is for any reason, deemed ultra vires by any Court of competent jurisdiction, the same shall not affect the validity of the By-law as a whole or any part thereof other than the section, clause or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, provisions, and clauses of this By-law shall remain in full force and effect.

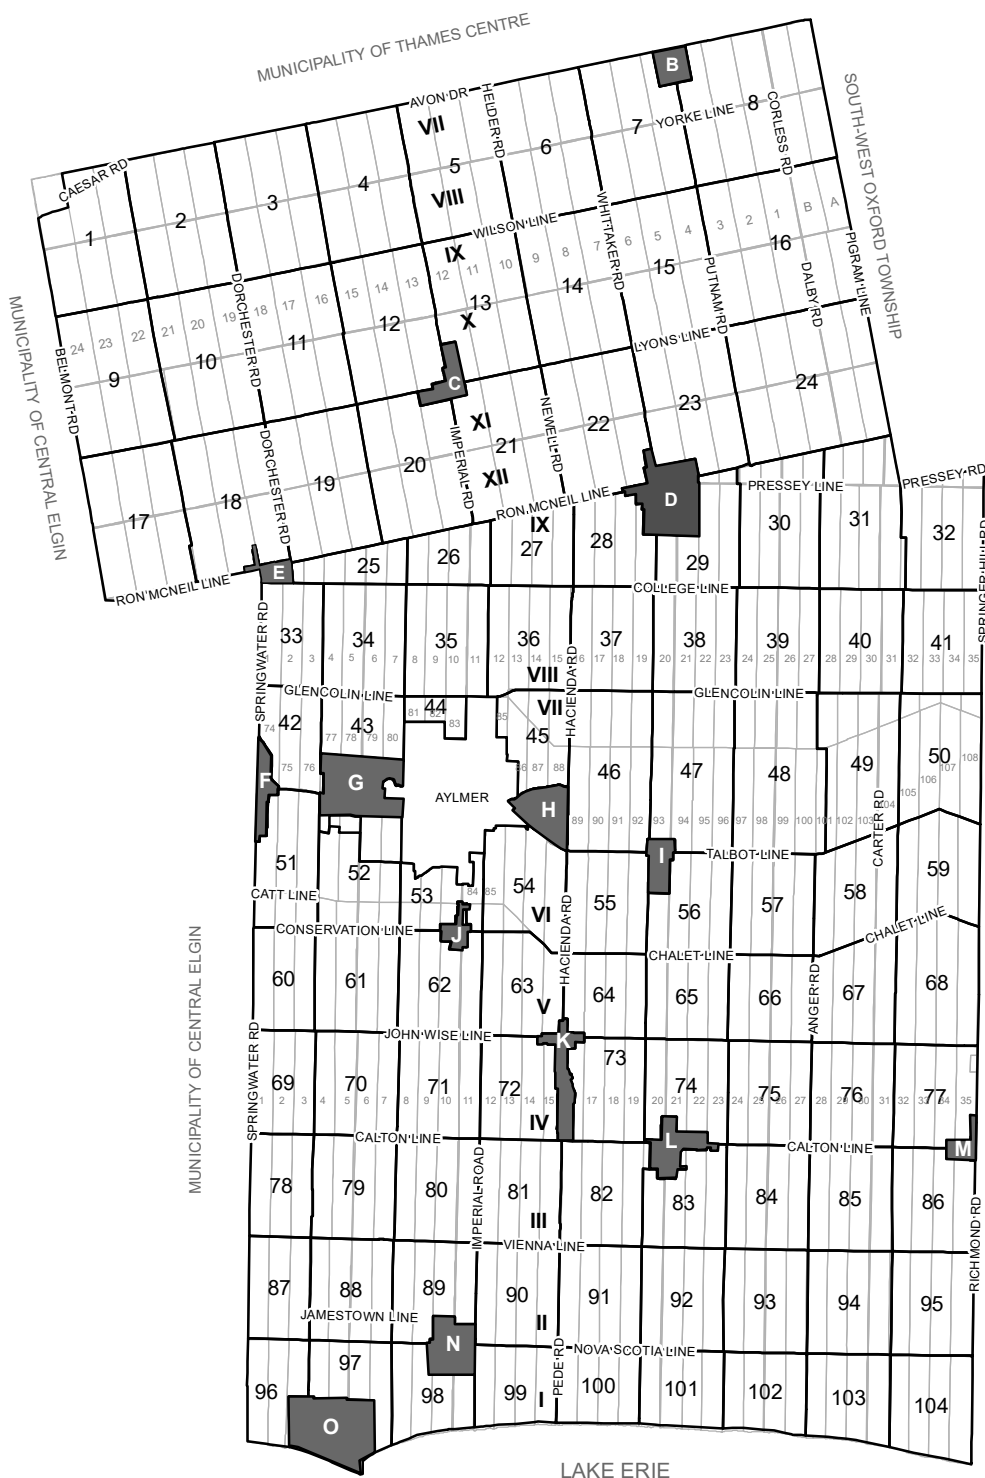

10.5 EFFECTIVE DATE

This By-law shall come into force on the day it is passed subject to the provisions of the Planning Act.

LANDS REGULATED BY THE CATFISH CREEK CONSERVATION AUTHORITY PURSUANT TO ONTARIO REGULATION 146/06, THE KETTLE CREEK CONSERVATION AUTHORITY PURSUANT TO ONTARIO REGULATION 181/06 AND THE LONG POINT REGION CONSERVATION AUTHORITY PURSUANT TO ONTARIO REGULATION 178/06. These areas include flood prone lands, valley land hazards and adjacent lands associated with provincially and locally significant wetlands. Applications for building permits within these areas will be referred to the conservation authority having jurisdiction for any required permission or approval prior to the issuance of a building permit by the Township. The appropriate conservation authority should be contacted to determine the extent of the Regulated Area prior to development, including construction, conversion, grading, filling or excavating occurring to determine whether the Regulations apply. Changes to these areas, as approved by the conservation area having jurisdiction, may occur without being reflected on the Zone Maps.

LANDS IDENTIFIED AS PROVINCIALLY SIGNIFICANT WETLANDS BY THE MINISTRY OF NATURAL RESOURCES AND FORESTRY. Development and site alteration are not permitted in these areas. Within 120 metres of these areas, development and site alteration may be permitted where it has been demonstrated (customarily by an environmental impact study commissioned by and paid for by the land owner / proponent and submitted to the Municipality) that there will be no negative impacts on the wetland or its ecological functions. Applications for building permits within these areas and within 120 metres of these areas will be referred to the Conservation Authority having jurisdiction for any required permission or approval prior to issuance of any building permit by the Township. Changes to these areas may occur without being reflected on the Zone Maps.

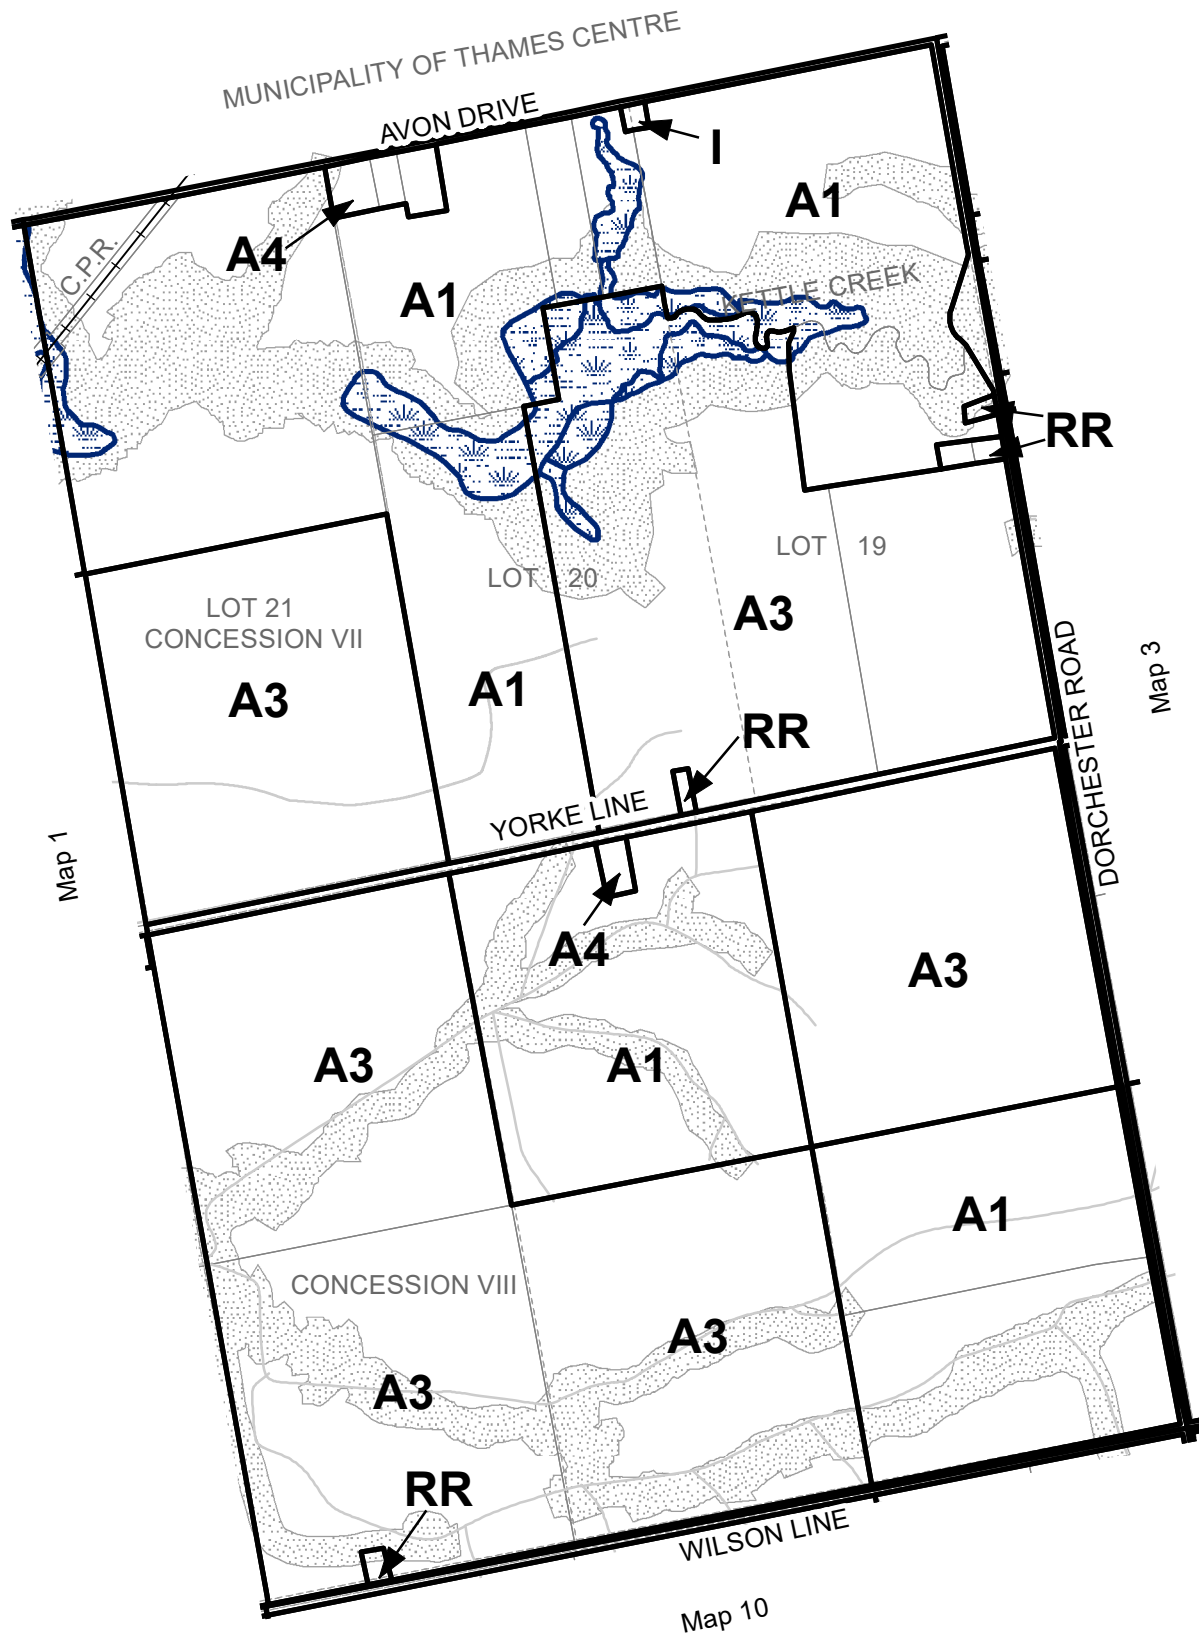

LANDS IDENTIFIED AS LOCALLY SIGNIFICANT WETLANDS BY THE MINISTRY OF NATURAL RESOURCES AND FORESTRY. Development and site alteration are not permitted in these areas. Within 30 metres of these areas, development and site alteration may be permitted where it has been demonstrated (customarily by an environmental impact study commissioned by and paid for by the land owner / proponent and submitted to Municipality) that there will be no negative impacts on the wetland or its ecological functions. Applications for building permits within these areas and within 30 metres will be referred to the Conservation Authority having jurisdiction for any required permission or approval prior to issuance of any building permit by the Township. Changes to these areas may occur without being reflected on the Zone Maps.
