

NEW WASTE MANAGEMENT PARTNERSHIP

The Township of Malahide recently underwent a process to identify the most suitable waste management provider for the Township and have selected Miller Waste Systems Inc. (Miller) to start on June 1, 2021.

Miller is a private, family-owned company which has been in the industry since 1961. In their 60 years in business, they have assisted small and large municipalities alike, delivering quality services to residents all over Ontario. You will soon notice their brown and cream collection trucks which are the Miller colours.

SERVICES TO CHANGE

STARTING JUNE 1, 2021:

The Township of Malahide will only collect one recycling stream at a time on alternating weeks. This strategy of collecting one recycling stream at a time will allow Miller to collect recycling and garbage in only one dual compartment truck, as depicted above. Reducing the number of trucks required for collection each day will not only reduce costs, but also our carbon footprint. The Township of Malahide is dedicated to finding ways to be more environmentally responsible.

SERVICES TO REMAIN

NO CHANGES TO:

- Collection routes;
- Your regular day of collection;
- Weekly garbage collection; and
- The Bag Tag system.

Container Blue Box collection will be every other week, indicated in the blue on the new 2021 Recycling Calendar.

Paper/Cardboard Blue Boxes collection will be on alternate weeks, indicated in white on the new 2021 Recycling Calendar.
