

PUBLIC NOTICE OF PESTICIDE USE

TOWNSHIP OF MALAHIDE

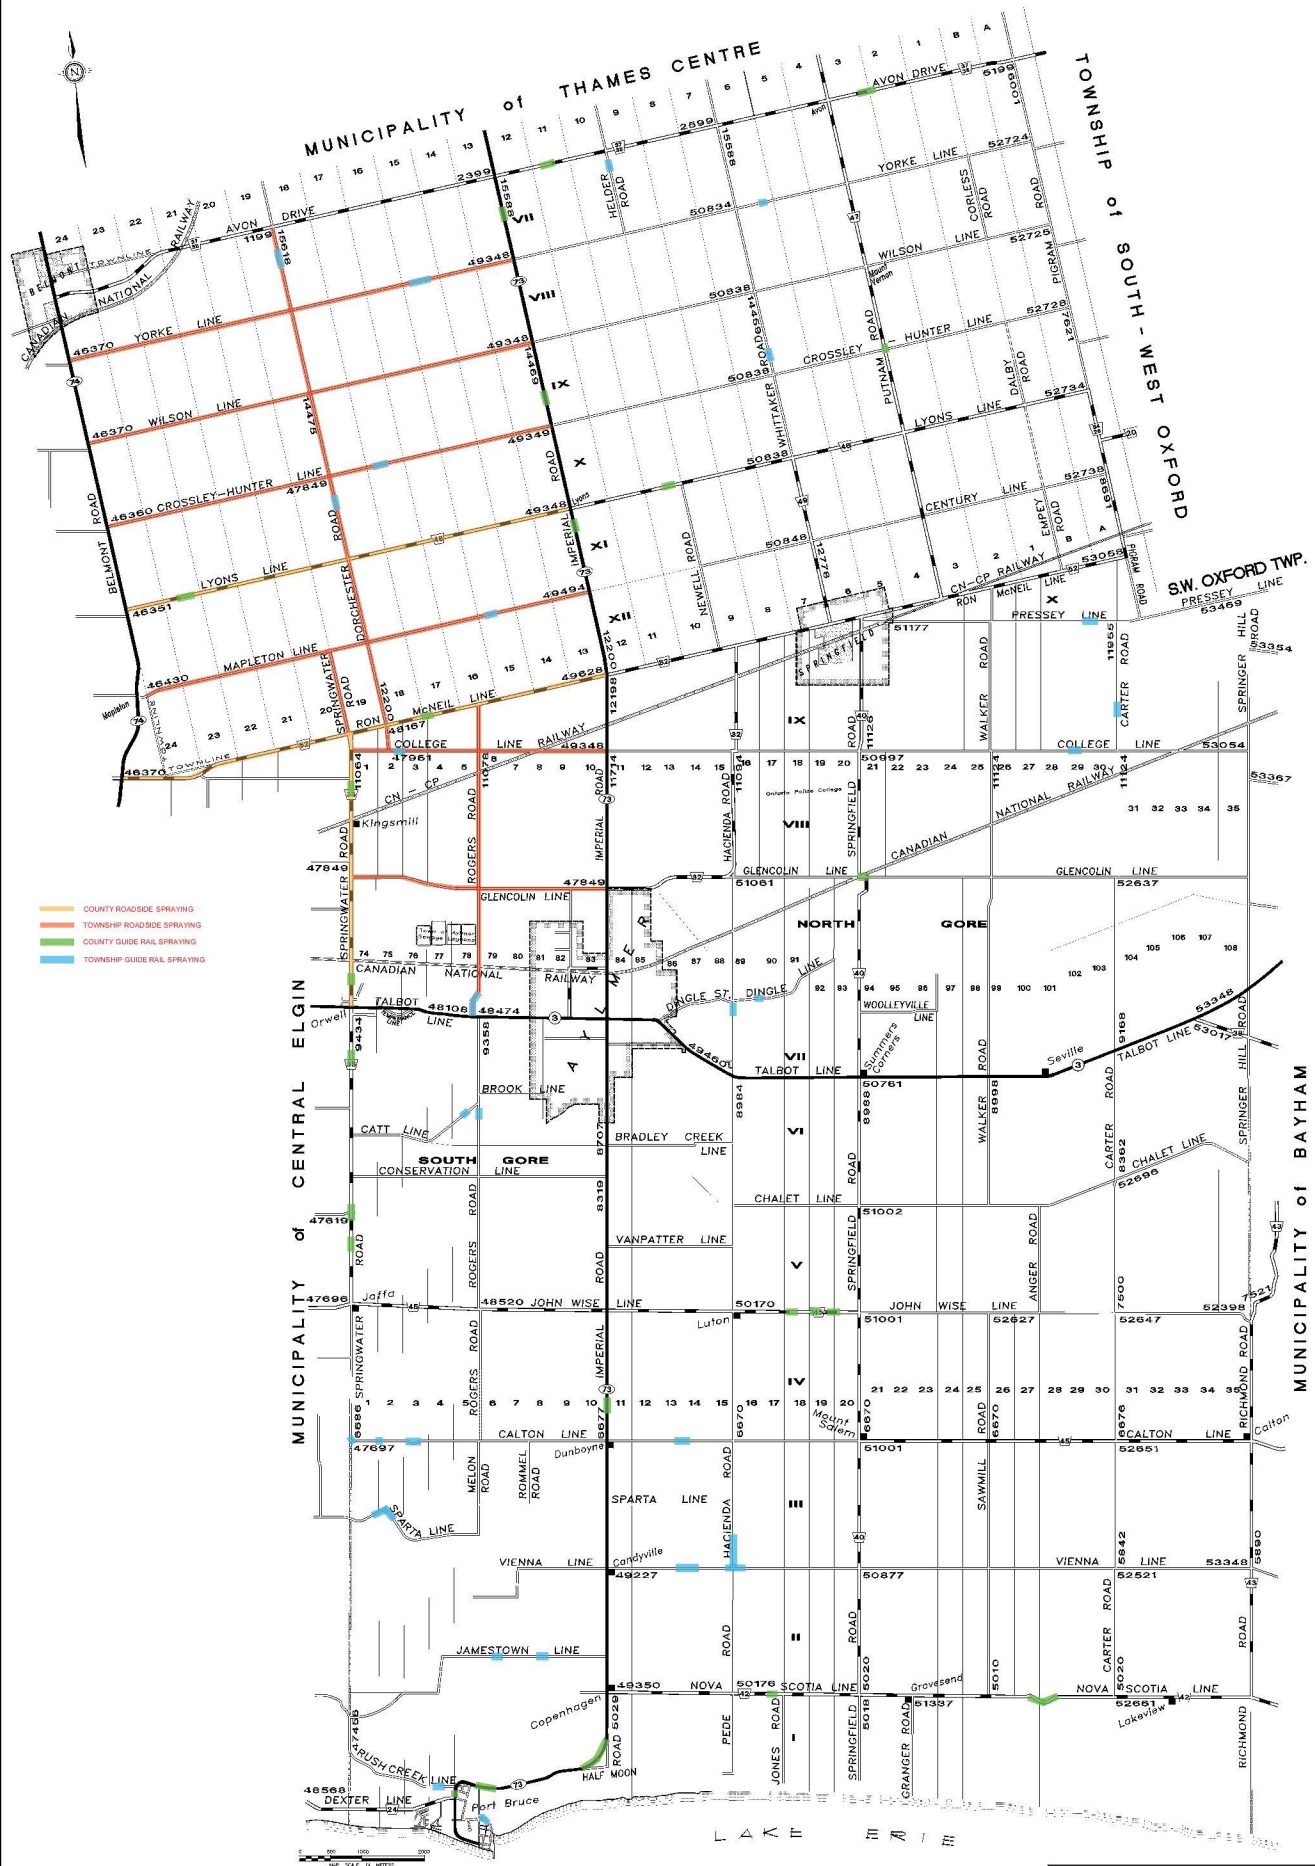

The Corporation of the Township of Malahide, in the County of Elgin intends to control noxious weeds, woody brush, and phragmites along rural roadsides using the following pesticides registered under the Pest Control Products Act: Esplanade SC Herbicide (containing the active ingredient Indaziflam, Registration No. 31333), IPCO Dichlorprop-DX Herbicide (containing the active ingredients Dichlorprop-P and 2,4-D; both present as 2-ethylhexylester, Registration No. 29664), NaviusFLEX Herbicide (containing the active ingredients Metsulfuron-methyl and Aminocyclopyrachlor, Registration No. 30922), Hasten NT Spray Adjuvant (containing methyl and ethyl oleate (esterified vegetable oil), Registration No. 28277) and VisionMAX Silviculture Herbicide (containing the active ingredient Glyphosate, present as potassium salt, Registration No. 27736). This pesticide use is in accordance with the public health and safety exception to the cosmetic pesticide ban (ss. 7.1 (2) of the Pesticides Act).

Green Stream Lawn and Vegetation Management Inc. will be spot spraying various areas throughout the Municipality. For exact locations, please contact our office or visit our website, www.malahide.ca, to view the spray area map.

Weed spraying is scheduled to begin on June 22nd, 2022 and will end on July 20th, 2022. That commencement date is approximate and dependent on weather conditions.

For further information please contact:
The Township of Malahide – Ryan DeSutter
519-773-5344
Collect calls will be accepted.
